

Annual Interview Requirements

All MID's who apply for a district minister's license (initial license or renewal of license) are interviewed by members of the District Ministerial Development Board annually. The following items are required and due by February 15:

- Completed application for a district minister's license
- Recommendation from the local church board
- Proof of progress in the course of study (grade reports or transcripts)
- Annual Report of Licensed Minister form (for those renewing minister's licenses)

Once you have submitted all required documents, you will be given an appointment time. MID's must confirm that appointment to hold the interview slot.

Note: Annual Interviews for District Licensing are held in the month of March.
