

INITIAL ASSESSMENT OVERVIEW

What is the Initial Assessment about?

The purpose of the Initial Assessment is to

- CONNECT you with the people and processes essential to preparing for ministry in the Church of the Nazarene;
- COMMUNICATE your story of God's call on your life as you understand it at this point in your journey;
- CULTIVATE your spiritual life as well as your thinking and planning as you respond to God's call on your life..

The Initial Assessment is a critical component in the process of your preparation for ministry. During this time we want you to get a firm grasp on the various elements involved in preparation for ministry in the Church of the Nazarene.

We also want to hear your story — the story of how God is leading you at this time, what you understand of His call upon your life, and the ministry experience you've had thus far.

Finally, we want to help you chart your course of preparation and to inspire and encourage you as you move forward in faithful response to God's leading in your life.
