D.S. Perspective

I was blessed to grow up in a Christian home, learning very early in life the significance of the Easter story. Because of that, it is hard for me to imagine what it is like for those in our world who know nothing of this event which reordered the world. From their perspective, the day seems to serve as a 'Spring holiday' where family and friends get together to participate in kids activities and everyone can celebrate with brunch. It is a day to enjoy the celebration, but it is far from life-changing.

As followers of Jesus, our perspective is radically different; for in the resurrection of Christ everything about the way that we look at and live within the world is different. In Easter we view Jesus, not just as a historic figure who provided some insightful teaching, but as the Living Savior whose words invite us to live as citizens of His 'new kingdom' which is characterized by God's love and grace. His death is not just the tragic story of a martyr but the means by which

we discover freedom from the sin and brokenness of our past. His resurrection and the empty tomb demonstrate God's power over the evil that seems to have a grip on this world, proclaiming that death does not have the final word. This not only fills us with a present 'joy' but a future 'hope,' for we live with a confidence that right today we are a part of God's redemptive plan and someday He will put everything right and we will be with Him forever.

While many in our world will find it easy to ignore the Easter message, I'm sure that they will be drawn to individuals filled with a love for them and who approach life with a sense of joy, peace and hope. May that be our story as we are transformed by the power of the Risen Christ.

TRINITY PINES NEWS

All reports are that it will be a few more days before we begin to see much ground appearing at Trinity Pines from the heavy snowfall of winter. Then we will be able to assess the damage to the camp property, trees and buildings. This is always an unknown.

There are two important dates to make you aware of:

APRIL 15: This is Early Bird registration deadline for all summer camps at Trinity Pines. If you would like a brochure mailed to you, please contact the Meridian Camp office at 208-888-0988 or check online at www.tpines.org. There is savings by doing the early bird registration.

MAY 23-26: Work Week '19 at Trinity Pines. We can use all hands on deck as we clean up the camp from the winter, do deep cleaning, and prepare for the busy summer months of camping. Housing and food will be provided. You will need to register through the Trinity Pines office in Cascade by calling Tammy at 208-382-6200. Watch for fliers in your local churches with more details. Come invest a little muscle and love for your district camp facility.

Stop by the Trinity Pines booth at District Assembly and say hello.
